Packing Details

TAGGING	* All material ordered should carry tags and these tags must show the manufacturer's logo, with the correct part number and
.	description. The tag should be computer generated and not handwritten.
..	* There must be one tag per unit, assuming the item is large enough to display one.
...	* For small parts (i.e. nuts, bolts, washers, gaskets, o-rings, etc.), they must be contained in a strong plastic bag with a
....	correct manufacturer label on the outside plus a second one inside the bag. In these circumstances, there does not have
.....	to be a tag for each unit.
.....	* All identifying marks or labels for other sub-suppliers must be removed or blanked out. If the product is engraved or plated
.....	with another sub-supplier's name then this must be kept but Beam should be notified and go ahead given before shipping.
.....	* Each order should be packed in conformity with its mode of shipping. Orders destined to be shipped by sea should be properly

.....	packed with seaworthy packaging while orders destined to be shipped by air should be packed properly with packages suitable
.....	for air freight.
.....	In case of vacuum packing, please clearly state on the outer packing of the goods that this is vacuum packing, as it should not be opened
.....	during inspection by the freight forwarders.
DOCUMENTATION	* A Certificate of Conformity covering all items on the PO is required and should be sent by e-mail to Beam International
.....	upon order readiness otherwise payment cannot be made.
.....	* Any item or component (ex, valves, pumps, compressors etc..) which fits into an application where pressurized fluid
.....	(liquid or gas) is used, relevant test certificates should be supplied. Copies should be sent by e-mail while originals should
.....	be sent by post.
.....	* All gauges and similar metering items need to be supplied with Calibration Certificates. The clause relevant to test
.....	certificates above still applies.
.....	* For structural steel and pipes, Mill Test Certificates (MTRs) should be sent by e-mail to Beam International upon order
.....	readiness otherwise payment cannot be made.
.....	* A Fumigation Certificate should be supplied for material packed on wooden pallets or in wooden crates/boxes. Alternatively,
.....	proof that the wood used in the packaging is heat-treated should be provided.
.....	* Kindly provide us with clear pictures showing the material and the tagging prior to and after packing
